

**Commander D.F. Schug**  
**U.S. Navy**

A graduate of Syracuse University (class of 1938), CDR Schug's wartime service was chiefly in destroyers and patrol craft. Released from active duty in 1946 and later recalled, he has since served as Engineering Officer, Executive Officer and Commanding Officer of destroyers. Prior to reporting to the HECTOR in September 1958 he completed a tour with MAAG, Taiwan where his People-to-Peopling earned him a commendation from the Commander in Chief, Chinese Navy and a Secretary of the Army Commendation Ribbon.

Of the HECTOR he says, "I have watched her improve steadily over the past year—an improvement that could not have been possible without the help of all hands. I am proud to be Executive Officer of this ship and am sure she will continue to make a good name for herself in the future."

On the personal side, CDR Schug is a sailing enthusiast. He also likes music but plays golf much better than the ukulele.
