

V-3 DIVISION

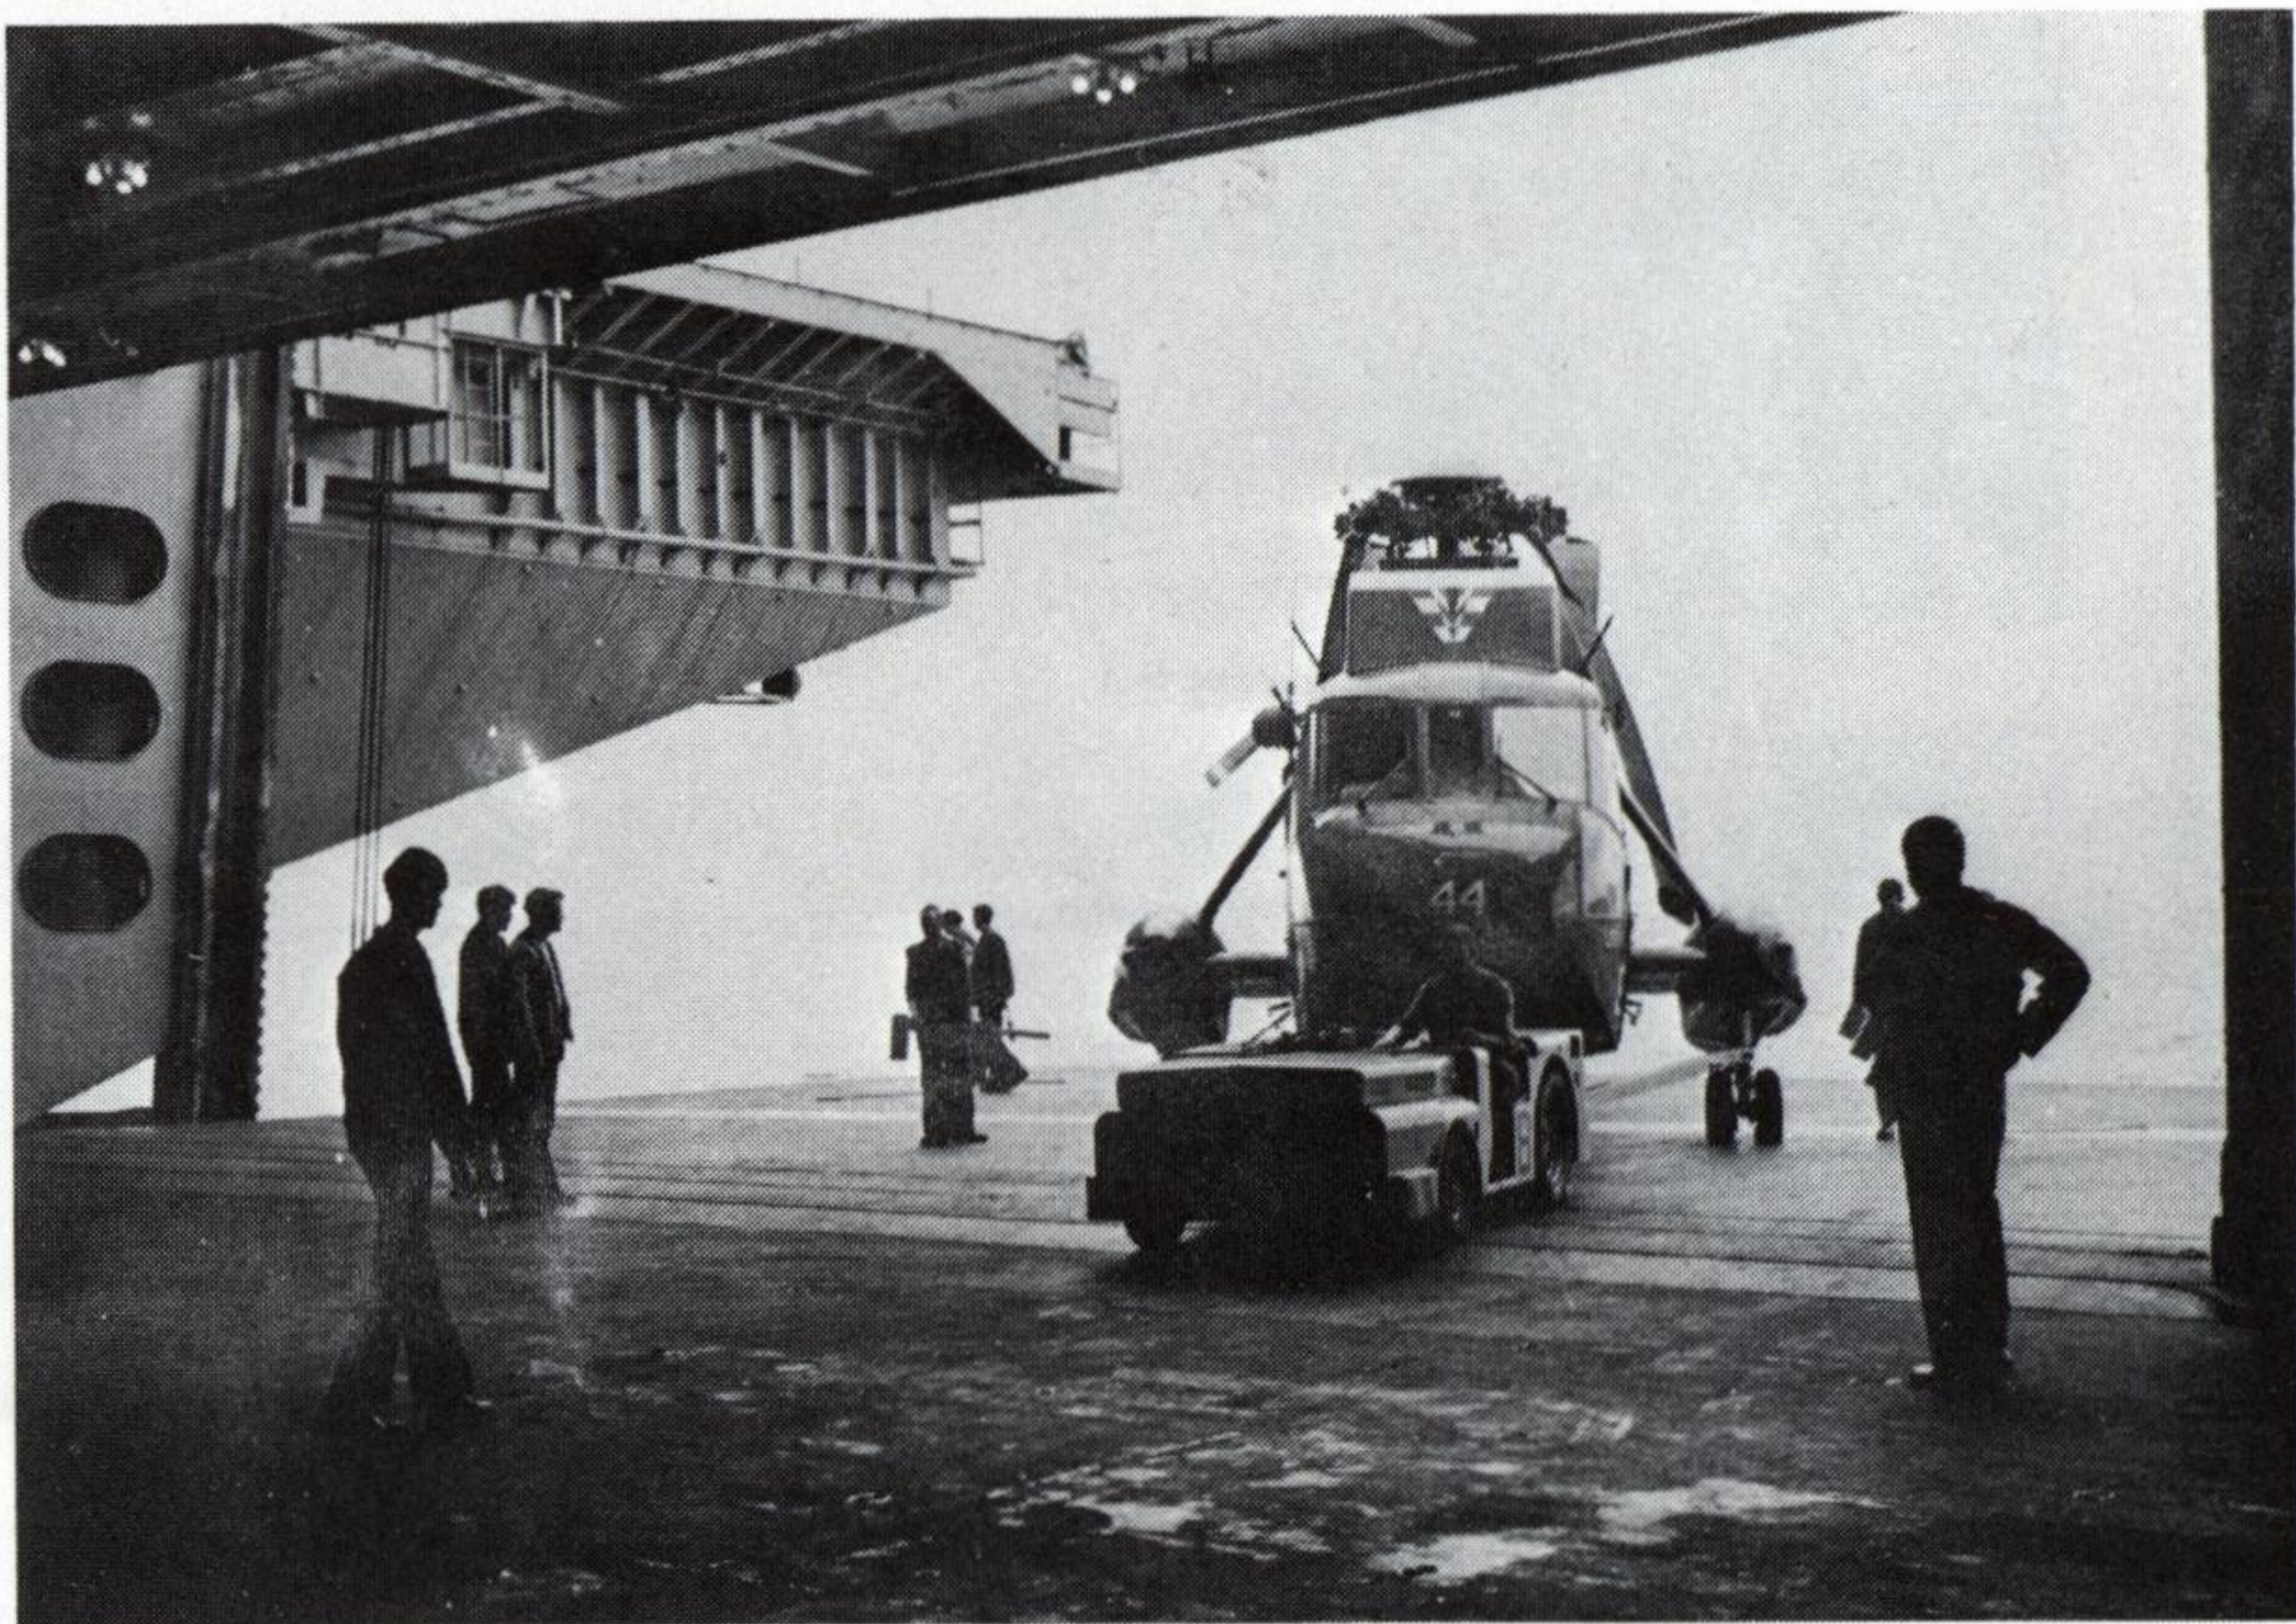

V-3 is responsible for the operation of the hangar bays. They control all aircraft on the hangar deck, store them in the safest and the most convenient manner and assure rapid access and clearing in the event of an emergency.

The men of the V-3 Division have the knowledge, skill and alertness required to avoid costly aircraft damage in the crowded hangar deck.

In-port, V-3 Division is responsible for the upkeep and maintenance of the hangar bays including the quarterdeck and after brow area.

Unstowing the B&A crane

A major respot

Prepare to unstow B&A crane
