

2ND DIVISION

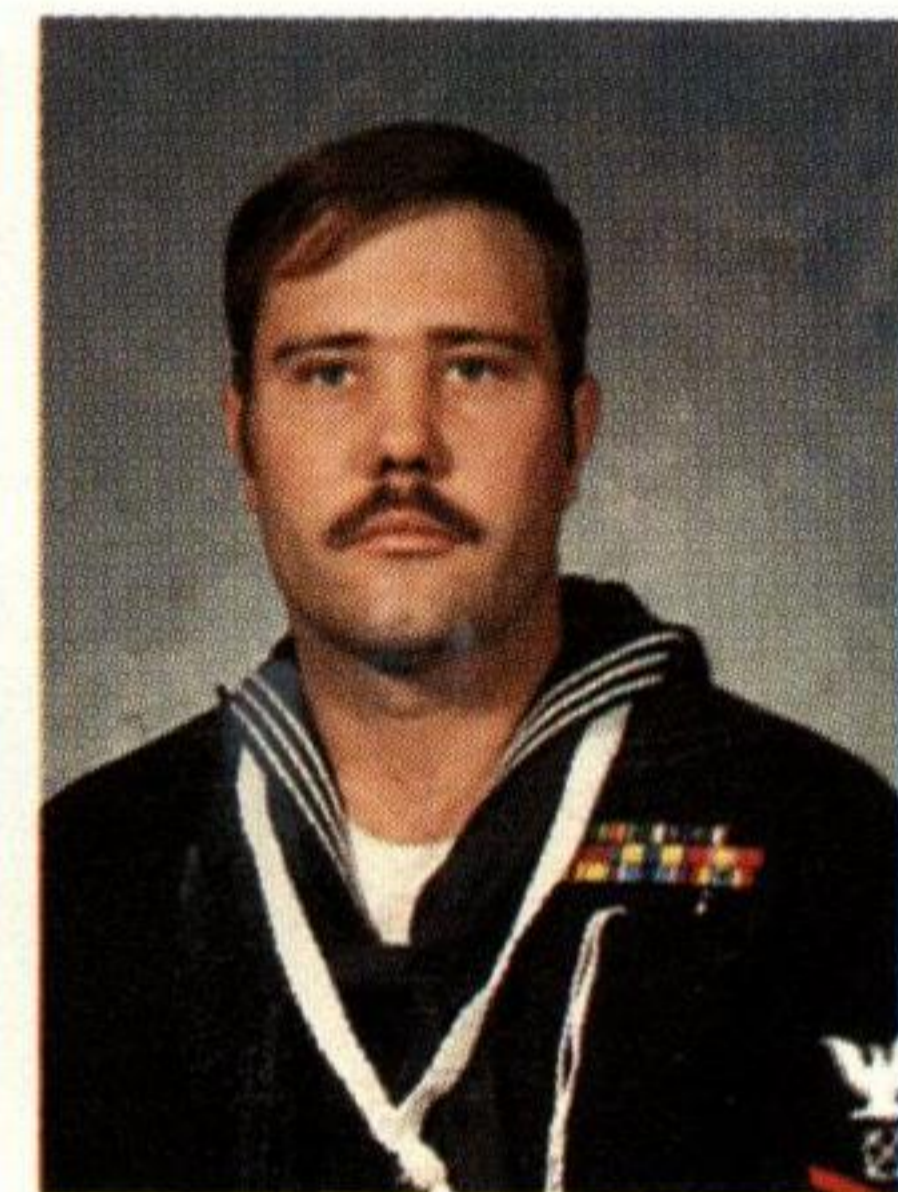

Second Division preserves maintains and operates equipment located on the starboard amidship's replenishment at sea stations 7F, 7S, 7A, the Boat and Aircraft Crane and the forward accommodation ladder. Second Division is capable of receiving and sending both F-76 (DFM), and JP-5 (AVIATION FUEL), and is capable of running various burton rigs, star-stream, traveling surf, highline, and housefall rigs. Second Division personnel have participated in 98 successful underway replenishments during the past fiscal year and two highly successful ORE's during the 1984-1985 time frame. Second Division has been and will continue to be **SECOND TO NONE**.
