

ENTERTAINMENT

Life aboard INDEPENDENCE was not "all work and no play" — although it sometimes felt that way. Our entertainment program was varied and interesting.

The "brass" had several more formal affairs to which many of us were "invited".

Captain Forbes got a few words of advice from Captain O'Rourke at the change of command ceremonies. It was probably . . .

. . . A reminder to have LTJG Steiner act as official "cake tester" . . .

. . . CDR Leue got a chance at his cake when CDR. Dunn relieved him as Air Wing Commander.

. . . And so did LTJG Giesting and LT Massey of VF-33 who made our 133,000th arrested landing. The C.O. got into all the cakes as you can see.
