

CCDG-12

Commander Cruiser-Destroyer Group 12 serves as Immediate Superior-in-Command for the Enterprise Battle Group, including USS Enterprise, Carrier Air Wing THREE, USS Gettysburg and USS Philippine Sea. Acting as operational commander, CCDG-12 exercises oversight of unit level and integrated training and readiness for the group. In addition, CCDG-12 maintains administrative functions and material readiness tracking for ships and squadrons assigned to the group. CCDG-12 reports to Commander, Second Fleet as one of six carrier battle group commanders in the Atlantic Fleet.

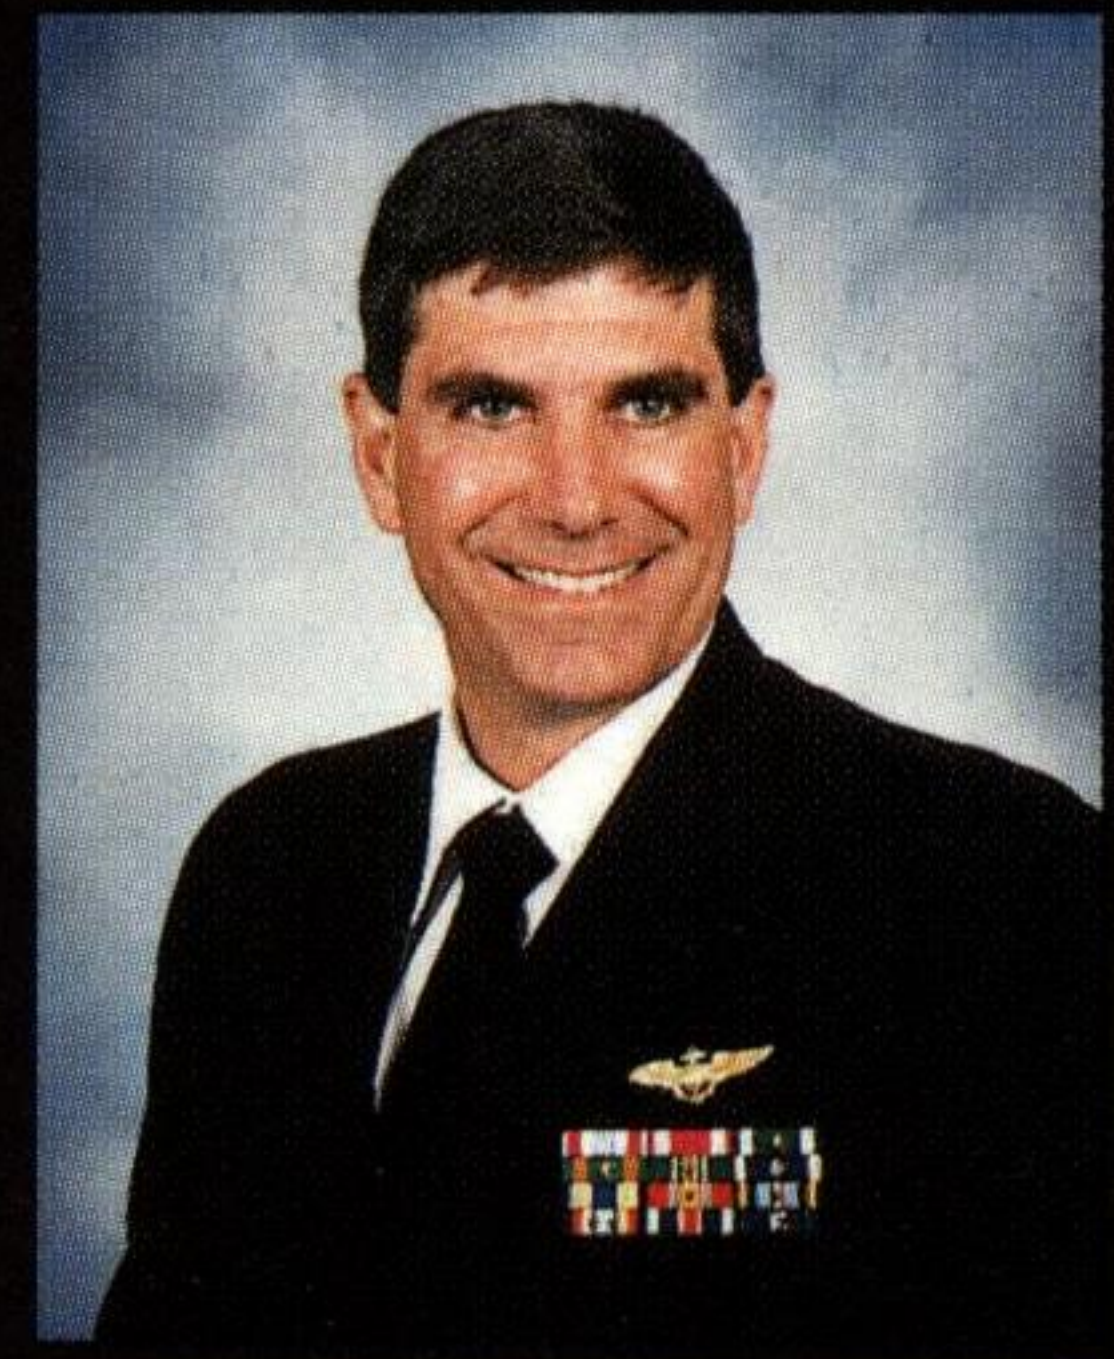

To assist the Commander in the administration and operation of his command, the staff:

- Gathers and evaluates detailed and accurate information on all phases of the existing situation; strategic, tactical and logistic.
- Prepares plans, schedules, directives, and reports based on input from higher authority.
- Translates the decisions of the Commander into directives.
- Disseminates information and directives to subordinate commanders, and
- Supervises and evaluates the execution of the Commander's directives by subordinate commands.
